

## **COME SING TO THE LIONS WITH US!**

***(Training of the Facilitators' workshop before or after the REPSSI Forum in Arusha, Tanzania)***

*Singing to the Lions* is a new workshop tool by Dr. Jonathan Brakarsh of Zimbabwe with Dr. Lucy Steinitz of Catholic Relief Services that helps children and youth develop skills to resolve the impact of violence and abuse in their lives and to heal.

The workshop has been successfully implemented in several countries with promising results, and it is also a lot of fun — using games, art, movement and songs. Participants who sign up for this three-day Training of Facilitators workshop will experience *Singing to the Lions* first-hand, and also have the opportunity to discuss how this might be adapted and implemented in their own settings, across different cultures. Registration is limited in size to ensure a quality experience.

We warmly welcome your participation at either of our upcoming *Singing to the Lions* training in Arusha, Tanzania (Mt. Meru Hotel). Advance registration is required.

### **Training Option 1:**

Thursday August 31 - Saturday September 2 , 2017 *Facilitated by Master Trainer Lightwell Mpofu with Lucy Steinitz. 8:30 AM - 5:00 PM each day*
