Approaching 2020: Scaling up key interventions for children and adolescents living with HIV

Child Survival 
WORKING GROUP

Urgent and ambitious 2020 global targets are on the horizon, yet there has been insufficient progress in paediatric and adolescent HIV to date. Scaling up HIV services for all children and adolescents is needed, in alignment with the UNAIDS super-fast-track framework. It's time to make sure that nobody is left behind.

CAN YOU HELP?

We are hoping that you can help us amplify the impact of a series of 12 policy briefs, entitled **“Approaching 2020: Scaling up key interventions for children and adolescents living with HIV.”** These have been put together by a number of key organisations:

1	Addressing the service delivery needs of children of key populations http://teampata.org/portfolio/addressing-service-delivery-needs-of-children-of-key-populations/	Meena Srivastava ¹ , Sarah Dastur ¹ , Allison Ficht ¹ and Tisha Wheeler ¹ ¹ United States Agency for International Development
2	Strategies to improve retention of mother-baby pairs in PMTCT programs http://teampata.org/portfolio/strategies-to-improve-retention-of-mother-baby-pairs-in-pmtct-programs/	Kechi Achebe ¹ , Abdulhamid Isehak ¹ , Rachel A. Golin ² , Timothy Quick ² , Amy Stern ³ and Anisa Ismail ³ ¹ Save the Children; ² United States Agency for International Development; ³ University Research Co.,LLC
3	A child-centred approach for HIV programs http://teampata.org/portfolio/a-child-centered-approach-for-hiv-programs/	Nande Putta ¹ , Ronnie Lovich ² , Stuart Kean ³ and Daniella Mark ⁴ ¹ United Nations Children's Fund; ² Education Development Center; ³ World Council of Churches - Ecumenical Advocacy Alliance; Paediatric-Adolescent Treatment Africa
4	Providing differentiated service delivery to children and adolescents http://teampata.org/portfolio/providing-differentiated-delivery-to-children-and-adolescents/	Anna Grimsrud ¹ , Damilola Walker ² , Wole Ameyan ³ and Serena Brusamento ³ ¹ International AIDS Society; ² United Nations Children's Fund; ³ World Health Organisation
5	Point-of-care testing as a solution for timely early infant diagnosis http://teampata.org/portfolio/point-of-care-testing-as-a-solution-for-timely-early-infant-diagnosis/	Ravikiran Bhairavabhotla ¹ ¹ Centers for Disease Control and Prevention
6	Complementary and connected: Engaging community and faith-based organizations to deliver PMTCT and pediatric HIV services http://teampata.org/portfolio/complementary-and-connected-engaging-community-and-faith-based-organisations-to-deliver-pmtct-and-pediatric-hiv-services/	Helen Chorlton ¹ , Daniella Mark ¹ , Stuart Kean ² , Francesca Merico ² , Kechi Achebe ³ and Damilola Walker ⁴ ¹ Paediatric-Adolescent Treatment Africa; ² World Council of Churches - Ecumenical Advocacy Alliance; ³ Save the Children; ⁴ United Nations Children's Fund
7	Sensitizing health workers to providing responsive care for adolescents and young people living with HIV http://teampata.org/portfolio/sensitizing-health-workers-to-providing-responsive-care-for-adolescents-and-young-people-living-with-hiv/	Heleen Soeters ¹ , Daniella Mark ¹ , Agnes Ronan ¹ , Damilola Walker ² , Wole Ameyan ³ and Luann Hatane ¹ ¹ Paediatric-Adolescent Treatment Africa; ² United Nations Children's Fund; ³ World Health Organisation
8	Family-based index case testing to identify children with HIV http://teampata.org/portfolio/family-based-index-case-testing-to-identify-children-with-hiv/	Shaffiq Essajee ¹ , Nande Putta ¹ , Serena Brusamento ² , Martina Penazzato ² , Stuart Kean ³ and Daniella Mark ⁴ ¹ United Nations Children's Fund; ² World Health Organisation; ³ World Council of Churches - Ecumenical Advocacy Alliance; ⁴ Paediatric-Adolescent Treatment Africa
9	Meaningful engagement of adolescents and young people in national and local HIV programming http://teampata.org/portfolio/meaningful-engagement-of-adolescents-and-young-people-in-national-and-local-hiv-programming/	Marissa Vicari ¹ , Carlo Oliveras ² , Hayley Gleeson ³ , Luann Hatane ⁴ , Teen Advisory Group ^{5,6} and Lucie Cluver ^{5,6} ¹ International AIDS Society; ² Adolescent HIV Treatment Coalition; ³ International Planned Parenthood Federation; ⁴ Paediatric-Adolescent Treatment Africa; ⁵ Oxford University; ⁶ University of Cape Town
10	Scaling up optimal antiretroviral treatment for children: A long overdue intervention http://teampata.org/portfolio/scaling-up-optimal-antiretroviral-treatment-for-children-a-long-overdue-intervention/	Nandita Sugandhi ¹ and Herb Harwell ² ¹ ICAP at Columbia University; ² Clinton Health Access Initiative
11	Preventing and treating tuberculosis among children living with HIV http://teampata.org/portfolio/preventing-and-treating-tuberculosis-among-children-living-with-hiv/	Monita R. Patel ¹ , Rachel Golin ² , Ben Marais ³ , Farhana Amanullah ³ and Anne Detjen ⁴ ¹ Centers for Disease Control and Prevention; ² United States Agency for International Development, ³ STOP TB Partnership Child and Adolescent TB Working Group, ⁴ United Nations Children's Fund
12	Providing peer support for adolescents and young people living with HIV http://teampata.org/portfolio/providing-peer-support-for-adolescents-and-young-people-living-with-hiv/	Daniella Mark ¹ , Ronnie Lovich ² , Damilola Walker ³ , Tammy Burlock ¹ , Agnes Ronan ¹ , Wole Ameyan ⁴ and Luann Hatane ¹ ¹ Paediatric-Adolescent Treatment Africa; ² Education Development Center; ³ United Nations Children's Fund; ⁴ World Health Organisation
