

Graduation Readiness Assessment

Household ID: _____

Use this form as a record of the household's progress toward graduation. During the CPARA activity, you will sort the Activity Deck benchmark cards into 2 piles: benchmarks that are complete, and benchmarks that still need some action. For questions on how to use this tool, see the job aid "CPARA Tools" in the OVC Case Management Guidance for Activista Supervisors booklet.

Circle benchmarks the family has NOT completed (those in the "no" pile).

Tick all benchmarks that are not applicable, or that have been completed (those in the "yes" pile).

For benchmarks with  write in how many household members HAVE completed that benchmark. Watch the household make progress over time!
